#### NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

#### 2.1 Basis of presentation

#### 2.1.1 Financial Reporting Standards

The Capital Markets Board of Turkey ("CMB") regulates the principles and procedures of preparation, presentation and announcement of financial statements prepared by the entities with the Communiqué No: XI-29, "Principles of Financial Reporting in Capital Markets" ("the Communiqué"). This Communiqué is effective for the annual periods starting from 1 January 2008 and supersedes the Communiqué No: XI-25 "The Financial Reporting Standards in the Capital Markets". According to the Communiqué, entities shall prepare their financial statements in accordance with International Financial Reporting Standards ("IAS/IFRS") endorsed by the European Union. Until the differences of the IAS/IFRS as endorsed by the European Union from the ones issued by the International Accounting Standards Board ("IASB") are announced by Turkish Accounting Standards Board ("TASB"), IAS/IFRS issued by the IASB shall be applied. Accordingly, Turkish Accounting Standards/Turkish Financial Reporting Standards ("TAS/TFRS") issued by the TASB which are in line with the aforementioned standards shall be considered.

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise indicated. Currencies other than TRY, expressed in thousands unless otherwise indicated.)

#### NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

#### 2.2 Basis of presentation (continued)

#### 2.1.1 Financial Reporting Standards (continued)

With the decision taken on 17 March 2005, the CMB has announced that, effective from 1 January 2005, for companies operating in Turkey and preparing their financial statements in accordance with CMB Financial Reporting Standards, the application of inflation accounting is no longer required. Accordingly, the Group did not apply IAS 29 "Financial Reporting in Hyperinflationary Economies" issued by IASB in its financial statements for the accounting periods starting from 1 January 2005.

Within the scope of CMB's Communiqué No: XI-29 and its announcements clarifying this communiqué the consolidated financial statements have been prepared in accordance with the CMB's Financial Reporting Standards which are based on IAS/IFRS, as the differences of IAS/IFRS, adopted by the European, from those published by IASB have not yet been announced by TASB as of the date of these financial statements. The consolidated financial statements and accompanying notes to them have been presented in accordance with the CMB's Communiqué No: XI-29 and its regulations with regard to preparation of financial statements by including the mandatory information.

In accordance with the CMB's Communiqué No: XI-29 entities are free to prepare their interim financial statements as full set or condensed set in compliance with IAS 34 "Interim Financial Reporting". In this respect, Group preferred to prepare interim condensed consolidated financial statements, these condensed consolidated financial statements are prepared accordance with the Financial Reporting Standards of CMB.

Doğan Holding and its subsidiaries, joint ventures and associates registered in Turkey maintain their books of account and prepare their statutory financial statements ("Statutory Financial Statements") in TRY in accordance with the Turkish Commercial Code (the "TCC"), tax legislation and the Uniform Chart of Accounts issued by the Ministry of Finance. The foreign subsidiaries prepare their statutory financial statements in accordance with the laws and regulations in force in the countries in which they are registered.

These consolidated financial statements are based on the statutory records, which are maintained under historical cost conversion, with the required adjustments and reclassifications reflected for the purpose of fair presentation in accordance with the Financial Reporting Standards of CMB.

### 2.1.2 Financial statements of subsidiaries and joint ventures operating in foreign countries

Financial statements of subsidiaries that are operating in foreign countries are prepared in accordance with the laws and regulations in force in the countries in which they are registered in and required adjustments and reclassifications reflected for the purpose of fair presentation in accordance with the Group's accounting policies.

The results and financial position of all the group entities (none of which has the currency of a hyper-inflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

• assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise indicated. Currencies other than TRY, expressed in thousands unless otherwise indicated.)

#### NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

### 2.1.2 Financial statements of subsidiaries and joint ventures operating in foreign countries (continued)

• income and expenses for each income statement are translated at average exchange rates; and all resulting exchange differences are recognised as a separate component of equity and statements of comprehensive income.

When a foreign operation is partially disposed of or sold, exchange differences that were recorded in equity are recognised in the income statement as part of the gain or loss on sale. Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

#### 2.1.3 US dollar convenience translation

US dollar ("USD") amounts shown in the condensed consolidated financial statements have been included solely for the convenience of the reader and are translated from Turkish lira ("TRY"), as a matter of arithmetic computation only, at the Central Bank of the Republic of Turkey official TRY exchange rate of TRY 1,8453 = USD 1,00 on 30 September 2011. Thus, USD amounts do not form a part of the condensed consolidated financial statements prepared in accordance with generally accepted accounting standards issued by the CMB. Such translations should not be construed as a representation that the TRY amounts have been or could be converted into USD at this or any other rate.

#### 2.1.4 Consolidation Principles

These consolidated financial statements in accordance with the principals stated below from (a) to (e) include the accounts of the parent company, Doğan Holding, its Subsidiaries and its Joint Ventures. (Altogether is referred as "Group"). During the preparation of financial statements of the companies included in the consolidation, the necessary adjustments and classifications to the bookings made according to the historical cost principal are made in accordance with the financial statement preparation principals stated in Note 2.1.1 and the accounting policies and presentation model implied by the Group.

Accounting policies used in the preparation of these consolidated financial statements are summarized as below:

- (a) These consolidated financial statements include the accounts of the parent company, Doğan Holding, its subsidiaries and its joint ventures (Altogether is referred as "Group"). The result of operations of subsidiaries and joint ventures are included or excluded in these consolidated financial statements subsequent to the date of acquisition or date of sale respectively. Where necessary, accounting policies for subsidiaries and joint ventures have been changed to ensure consistency with the policies adopted by the Group
- (b) Subsidiaries are companies in which Doğan Holding has the power to control the financial and operating policies for the benefit of Doğan Holding either (1) through the power to exercise more than 50% of voting rights related to shares in the companies as a result of shares owned directly and indirectly by itself and/or by certain Doğan family members and companies whereby Doğan Holding exercises control over the voting rights of (but does not have the economic benefit of) the shares held by them; or (2) although not having the power to exercise more than 50% of the voting rights, through the exercise of actual dominant influence over the financial and operating policies. Proportion of ownership interest represents the effective shareholding of the Group through the shares held directly by Doğan Holding and indirectly by its Subsidiaries.

# SELECTED NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD ENDED 30 SEPTEMBER 2011

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise indicated. Currencies other than TRY, expressed in thousands unless otherwise indicated.)

#### NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

#### 2.1.4 Consolidation principles (Continued)

The balance sheets and the statements of income of the Subsidiaries are consolidated on a line-by-line basis and the carrying value of the investment held by Doğan Holding and its Subsidiaries is eliminated against the related shareholders' equity. Intercompany transactions and balances between Doğan Holding and its Subsidiaries are eliminated on consolidation. The cost of, and the dividends arising from, shares held by Doğan Holding in its Subsidiaries are eliminated from shareholders' equity and income for the period, respectively.

- (c) Joint Ventures are companies in respect of which there are contractual arrangements through which an economic activity is undertaken subject to joint control by Doğan Holding and one or more other parties. Doğan Holding exercises such joint control through the power to exercise voting rights relating to shares in the companies as a result of shares owned directly and indirectly by itself or by certain Doğan family members and companies whereby Doğan Holding exercises control over the voting rights of (but does not have the economic benefit of) the shares held by them. The Group's interest in Joint Ventures is accounted for by the way of proportionate consolidation. Through this method, the Group includes its share of assets, liabilities, shareholders' equity, income and expenditure of each Joint Venture in the relevant components of the financial statements.
- (d) Available-for-sale equity investments in which the Group, together with Doğan family members, has an interest below 20%, or above 20% over which the Group does not exercise a significant influence, or which are immaterial and that do not have quoted market price in active markets an whose fair values cannot be measured reliably, are carried at cost less any provision for diminution in value (Note 7).

#### NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

#### 2.1.4 Consolidation principles (Continued)

Available-for-sale equity investments in which the Group, together with Doğan Family members, has an interest below 20% or over which the Holding does not exercise a significant influence and that have quoted market prices in active markets and whose fair values can be measured reliably are carried at fair value.

(e) The non-controlling shareholders' share in the net assets and results for the period for Subsidiaries are separately classified in the consolidated balance sheets and statements of income as "non-controlling interest".

Certain Doğan family members and companies controlled by them who are shareholders of Doğan Holding have interests in the issued capital of certain Subsidiaries. In the consolidated financial statements, their interests are treated as non-controlling interest and are not included in the Group's net assets and profits attributable to shareholders of Doğan Holding.

b) The standards, interpretations and changes to existing standarts which are valid from 2011 and do not affect financial statements of the Group (continued):

#### IAS 24 (2009) 'Related Party Disclosures'

In November 2009, IAS 24 "Related Party Disclosures" was revised. The revision to the standard provides government-related entities with a partial exemption from the disclosure requirements of IAS 24. The revised standard is mandatory for annual periods beginning on or after 1 January 2011.

# IAS 32 (Amendments) Financial Instruments: Presentation and IAS 1 Presentation of Financial Statements

The amendments to IAS 32 and IAS 1 are effective for annual periods beginning on or after 1 February 2010. The amendments address the accounting for rights issues (rights, options or warrants) that are denominated in a currency other than the functional currency of the issuer. Previously, such rights issues were accounted for as derivative liabilities. However, the amendment requires that, provided certain conditions are met, such rights issues are classified as equity regardless of the currency in which the exercise price is denominated.

#### IFRS 1 (Amendments) First-time Adoption of IFRS - Additional Exemptions

Amendments to IFRS 1 which are effective for annual periods on or after 1 July 2010 provide limited exemption for first time adopters to present comparative IFRS 7 fair value disclosures.

#### IFRIC 14 (Amendments) Pre-payment of a Minimum Funding Requirement

Amendments to IFRIC 14 are effective for annual periods beginning on or after 1 January 2011. The amendments affect entities that are required to make minimum funding contributions to a defined benefit pension plan and choose to pre-pay those contributions. The amendment requires an asset to be recognized for any surplus arising from voluntary pre-payments made.

#### IFRIC 19 Extinguishing Financial Liabilities with Equity Instruments

IFRIC 19 is effective for annual periods beginning on or after 1 July 2010. IFRIC 19 addresses only the accounting by the entity that issues equity instruments in order to settle, in full or part, a financial liability.

#### **Annual Improvements May 2010**

Further to the above amendments and revised standards, the IASB has issued Annual Improvements to IFRSs in May 2010 that cover 5 main standards/interpretations as follow: IFRS 1 *First-time Adoption of International Financial Reporting Standards*; IFRS 3 *Business Combinations*; IAS 27 *Consolidated and Separate Financial Statements*; IAS 34 *Interim Financial Reporting* and IFRIC 13 *Customer Loyalty Programmes*. #### NOT 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

#### 2.3 New and revised International Financial Reporting Standards (continued):

(c) The following new standards, new interpretations and amendments to standards and interpretations that are not effective and have not been early adopted by the Group:

### IFRS 1 (amendments) First-time Adoption of IFRS

On 20 December 2010, IFRS 1 is amended to provide relief for first-time adopters of IFRSs from having to reconstruct transactions that occurred before their date of transition to IFRSs and also to provide guidance for entities emerging from severe hyperinflation either to resume presenting IFRS financial statements or to present IFRS financial statements for the first time. The amendment above will be effective for annual periods beginning on or after 1 July 2011. These amendments are not relevant to the Group, as it is an existing IFRS preparer.

#### **IFRS 7 Financial Instruments: Disclosures**

In October 2010, IFRS 7 Financial Instruments: Disclosures is amended by IASB as part of its comprehensive review of off balance sheet activities. The amendments will allow users of financial statements to improve their understanding of transfer transactions of financial assets (for example, securitizations), including understanding the possible effects of any risks that may remain with the entity that transferred the assets. The amendments also require additional disclosures if a disproportionate amount of transfer transactions are undertaken around the end of a reporting period. The amendment will be effective for annual periods beginning on or after 1 July 2011. The Group has not yet considered the potential impact of the adoption of this revised standard.

#### IFRS 9 Financial Instruments: Classification and Measurement

In November 2009, the first part of IFRS 9 relating to the classification and measurement of financial assets was issued. IFRS 9 will ultimately replace IAS 39 Financial Instruments: Recognition and Measurement. The standard requires an entity to classify its financial assets on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, and subsequently measure the financial assets as either at amortized cost or at fair value. The new standard is mandatory for annual periods beginning on or after 1 January 2013. The Group has not yet considered the potential impact of the adoption of this revised standard.

#### **IAS 12 Income Taxes**

In December 2010, IAS 12 is amended. IAS 12 requires an entity to measure the deferred tax relating to an asset depending on whether the entity expects to recover the carrying amount of the asset through use or sale. It can be difficult and subjective to assess whether recovery will be through use or through sale when the asset is measured using the fair value model in IAS 40 Investment Property. The amendment provides a practical solution to the problem by introducing a presumption that recovery of the carrying amount will, normally be , be through sale. The amendment will be effective for annual periods beginning on or after 1 January 2012. The Group has not yet considered the potential impact of the adoption of this revised standard.

### 2.3 New and revised International Financial Reporting Standards (continued):

(c) The following new standards, new interpretations and amendments to standards and interpretations that are not effective and have not been early adopted by the Group (continued)

#### IFRS 10 Consolidated Financial Statements

IFRS 10 replaces the consolidation guidance in IAS 27 Consolidated and Separate Financial Statements and IFRIC-12 Consolidation — Special Purpose Entities by introducing a single consolidation model for all entities based on control, irrespective of the nature of the investee (i.e., whether an entity is controlled through voting rights of investors or through other contractual arrangements as is common in special purpose entities).

Under IFRS 10, control is based on whether an investor has 1) power over the investee that is subject to consolidation; 2) exposure, or rights, to variable returns from its involvement with the investee that is subject to consolidation; and 3) the ability to use its power over the investee that is subject to consolidation to affect the amount of the returns. The new standard is mandatory for annual periods beginning on or after 1 January 2013. The Group has not yet considered the potential impact of the adoption of this revised standard.

#### **IFRS 11 Joint Arrangements**

IFRS 11 introduces new accounting requirements for joint arrangements, replacing IAS 31 Interests in Joint Ventures. The option to apply the proportional consolidation method when accounting for jointly controlled entities is removed. Additionally, IFRS 11 eliminates jointly controlled assets to now only differentiate between joint operations and joint ventures. A joint operation is a joint arrangement whereby the parties that have joint control have rights to the assets and obligations for the liabilities. A joint venture is a joint arrangement whereby the parties that have joint control have rights to the net assets. The new standard is mandatory for annual periods beginning on or after 1 January 2013. The Group has not yet considered the potential impact of the adoption of this revised standard.

#### IFRS 12 Disclosure of Interest In Other Entities

IFRS 12 requires extensive disclosures relating to an entity's interests in subsidiaries, joint arrangements, associates and unconsolidated structured entities. An entity is required to disclose information that helps users of its financial statements evaluate the nature of and risks associated with its interests in other entities and the effects of those interests on its financial statements. The new standard is mandatory for annual periods beginning on or after 1 January 2013. The Group has not yet considered the potential impact of the adoption of this revised standard.

#### IAS 28 Investments in Associates and Joint Ventures (2011)

IAS 28 is amended for conforming changes based on the issuance of IFRS 10, IFRS 11 and IFRS 12.

#### IFRS 13 Fair Value Measurements

On 12 May 2011, IASB issued IFRS 13 Fair Value Measurement, which establishes a single source of guidance for fair value measurement under IFRSs. IFRS 13 defines fair value, provides guidance on its determination and introduces consistent requirements for discloures on fair value measurements. The Standard does not include requirements on when fair value measurements is required; it prescribes how fair value is to be measured if another Standard requires it. The new standard is mandatory for annual periods beginning on or after 1 January 2013. The Group has not yet considered the potential impact of the adoption of this revised standard.

# IAS 1 Presentation of Financial Statements (2011) – Presentation of Items of Other Comprehensive Income

The amendments to IAS 1 provides guidance on the presentation of items contained in other comprehensive income (OCI) and their classification within OCI. The new standard is mandatory for annual periods beginning on or after 1 July 2012. The Group has not yet considered the potential impact of the adoption of this revised standard.

### IAS 19 Employee Benefits (2011) (the "amendments")

The amendments to IAS 19 change the accounting for defined benefit plans and termination benefits. The new standard is mandatory for annual periods beginning on or after 1 January 2013. The Group has not yet considered the potential impact of the adoption of this revised standard.

#### Doğan Yayın Holding – Tax penalty and law suits

Accounting periods covering Doğan Yayın Holding's 2003, 2004, 2005 and 2006 fiscal years were reviewed by the inspectors of Revenue Administration Department of Ministry of Finance. Doğan Yayın Holding was served a tax notification in December 2008 and February 2009 consisting an aggregate amount of TRY 862.388 (including TRY 149.103 of tax charge and TRY 713.285 of tax loss penalty) based on the tax report prepared in line with the tax review.

In the tax review, the following issues were criticized in terms of corporate tax; value added tax (VAT); and stamp tax in the report;

- As Doğan TV Holding, one of the subsidiaries of Doğan Yayın Holding, sold 25% of its shares, which represent its capital, to Dreiundvierzigste Media Vermögengsverwaltungsgesellschaft mbH (new name Commerz-Film GmbH), a 100% subsidiary of Axel Springer AG, and completed the share transfer on 2 January 2007 and accounted for the transaction accordingly; inspectors claimed that Doğan Yayın Holding A.Ş. cannot use the exemption of "sale revenue of participation shares" as set out by Article 5/1-e of Corporate Tax Law, due to the argument that the sale transaction was completed in 2006 and the related transaction would have been accounted in the 2006's financial statements. Therefore, the Group was imposed a total tax penalty charge of TRY 772.507 consisting TRY 115.300 of actual tax charges, TRY 345.900 of tax loss penalty calculated as the triple of corporate tax charge, and TRY 311.307 of tax loss penalty calculated as the triple of temporary tax, which was not collected due to the overdue of the deduction period.
- b- Evidencing that interests and foreign currency differences of loans used in the share acquisition (finance expenses) are not deductable against corporate income in accordance with the last paragraph of Article 8 of Corporate Tax Law No: 5422; therefore the Group should have included such expenses in corporate income in the tax inspection period. As a result, the Group was imposed a total of TRY 31.781 consisting of the actual tax charge and tax loss penalty.
- c- Evidencing that Doğan Yayın Holding deducted the loss resulted from the share acquisition of Doğan Raks Satış Pazarlama ve Dağıtım A.Ş. against the corporate income in the tax review report and it was claimed that the related transaction was not recognised in line with the basis of preparation of records as set out by the Tax Procedure Law ("TPL") because such losses cannot be deducted against corporate income and argued that such expenses should have been included in corporate income. Therefore, the Group was imposed a total of TRY 13.700 consisting of the actual tax charge and tax loss penalty.
- d- Provisional Article No: 10 of Value Added Tax Law No: 3065 with reference to Corporate Tax Law No: 5422 denotes that Value Added Tax exemption cannot be used on sale of subsidiary shares under the above-mentioned provisions of the article; therefore, it was claimed that Value Added Tax should have been calculated for the sale of subsidiary shares that should be treated as subsidiary shares in accordance with Value Added Tax Law even though such shares are represented by shares and do not meet the exemption criteria specified in Provisional Article 28 of the Corporate Tax Law No. 5422 and Provisional Article 10 of Value Added Tax Law. Therefore, the Group was imposed a total of TRY 28.300 consisting of the actual tax charge and tax loss penalty.
- e- The Group was imposed a total of TRY 16.100 consisting of the actual tax charge and tax loss penalty in relation to stamp tax, other corporation tax and value added tax claims.

Doğan Yayın Holding has started legal action and filed lawsuits against the Tax Administration Department ("Tax Administration") for the cancellation of these tax charges and penalties imposed on the Group.

For lawsuits that are filed for VAT amounts attributable to 2003, the tax court's decision on the lawsuits are finalized as "accepted", "partially accepted" and "partially denied". While Doğan Yayın Holding A.Ş. has appealed the lawsuits finalized against Doğan Yayın Holding, the Tax Court appealed the rulings for lawsuits that are resulted in favor of Doğan Yayın Holding.

Major portions of the lawsuits that are finalized in favor of Doğan Yayın Holding are related to Corporate Tax and VAT assessments; the related lawsuits are appealed by the Tax Court. #### **Turkey**

Turkish tax legislation does not permit a parent company, its subsidiaries and joint ventures to file a consolidated tax return. Therefore, provisions for taxes, as reflected in the consolidated financial statements, have been calculated on a separate-entity basis.

Turkish Corporate Tax Law has been amended by Law No.5520 dated 13 June 2006. Most of the articles of this new Law No.5520 have come into force effective from 1 January 2006. Accordingly, the corporation tax rate of the fiscal year 2011 is 20% (2010: 20%). Corporation tax is payable at a rate of 20% on the total income of the companies after adjusting for certain disallowable expenses, corporate income tax exemptions (participation exemption) and corporate income tax deductions (like research and development expenses deduction). (Except for withholding tax at the rate of 19,8% on the investment incentive allowance utilized within the scope of the Income Tax Law transitional article 61).

The Group classified the statutory goodwill arising from the legal mergers in POAŞ and Doğan Gazetecilik as a balancing account, which is neither an asset nor liability in nature and did not apply inflation accounting in accordance with Circular No.17 of Tax Procedural Law dated 24 March 2005, related to the inflation adjustment application.

Dividends paid to non-resident companies having representative offices in Turkey and resident companies are not subject to withholding tax. Dividends paid to companies except for those companies are subject to 15% of withholding tax. An increase in capital via issuing bonus shares is not considered as a profit distribution and thus does not incur withholding tax.

Companies calculate corporate tax quarterly at the rate of 20% over their corporate income and these amounts are disclosed by the end of 10th day and paid by the end of the 17th day of the second month following each calendar quarter-end. Advance taxes paid in the period are offset against the following period's corporate tax liability. If there is an outstanding advance tax balance as a result of offsetting, the related amount may either be refunded in cash or used to offset against for other payables to the government.

Tax Law No: 5024 "Amendments in Tax Procedural Law, Income Tax Law and Corporate Tax Law" published in the Official Gazette on 30 December 2003 requires income tax and corporate taxpayers whose earnings are determined based on the balance sheet to prepare their statutory financial statements by adjusting the non-monetary assets and liabilities for the changes in the general purchasing power of the Turkish Lira effective from 1 January 2004. In accordance with the provisions of the aforementioned Law provisions, in order to apply inflation adjustment, the cumulative inflation rate (TURKSTAT WPI) over the last 36 months and 12 months must exceed 100% and 10%, respectively. Inflation adjustment has not been applied as the related threshold has not been met as of 2005.

In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns by the 25th of the fourth month following the close of the financial year to which they relate.

#### **NOTE 26- TAX ASSETS AND LIABILITIES (Continued)**

#### Turkey (Continued)

Tax authorities can review accounting records within five years and if they determine any errors on the accounting records, tax payable can be reassessed as a result of another tax assessment.

Under the Turkish tax legislation, tax losses can be carried forward to offset against future taxable income for up to five years. Tax losses cannot be carried back to offset profits from previous years. As publicly disclosed on 19 April 2011, the Company plans to make use of the requirements set out in relation to "Tax Base Increase" in Law No: 6111 "Restructuring of some receivables and Social Security and General Health Insurance Law and Other Law Amending Certain Laws and Decrees"; therefore, 50% of losses attributable to the periods that are subject to tax base increase will not be offset against the income to be obtained in 2010 and subsequent periods.

As of 30 September 2011, the Company has offset its financial losses attributable to the calculation of offsetting of tax asset against deductible financial losses or current tax provision in accordance with the above-mentioned principles.

There are numerous exemptions in the Corporate Tax Law concerning the corporations. The exemptions that are related to the Group are as follows:

Exemption for participation in subsidiaries

Dividend income from participation in shares of capital of another fully fledged taxpayer corporation (except for dividends from investment funds participation certificates and investment partnerships shares) are exempt from corporate tax.

Exemption for participation into foreign subsidiaries

For companies participating in 10% or more of the capital of a non-resident limited liability or joint stock company, (except for those whose principal activity is financial leasing or investment property) for at least one year until the date of the income is generated and transferred to Turkey until the date of the filing of the corporate income tax return of the fiscal year in which the income is generated is exempt from corporation tax subject to those subsidiaries being subject to corporate income tax, or alike, in their country of legal residence or business centre at the rate of at least 15% (minimum corporate income tax applicable in Turkey for those whose principal activity is finance assurance or insurance).

Exemption for sale of participation shares and property

75% of the gains derived from the sale of preferential rights, usufruct shares and founding shares from investment equity and real property which have remained in assets for more than two full years are exempt from corporate tax. For exemption, the relevant gain is required to be held in a fund account in liabilities for at least five years. The cost of the sale should be collected until the end of the second calendar year following the year of the sale.

Brokerage houses and real estate companies engaged in trading and the leasing of real estates cannot benefit from the exemption.

Exemption for investment allowance

The investment allowance application which is calculated as 40% for excess of certain amounts of fixed asset purchases and had been in force for a significant period of time was abolished by Law No.5479 dated 30 March 2006. However, in accordance with the ammendment to temporary article 69 of the Income Tax Law, income and corporate taxpayers can deduct the following amounts from their income as well as the investment allowance amounts they could not offset against 2005 gains which were present as of 31 December 2005, in accordance with the legislation (including the provisions related to tax rates) in force as of 31 December 2005:

- a) In the scope of the investment incentive certificates prepared related to the applications before 24 April 2003, investments to be made after 1 January 2006 in the scope of the certificate for the investments started in accordance with the additional 1st, 2nd, 3rd, 4th, 5th and 6th articles prior to the abrogation of Income Tax Law No.193, with Law No. 4842.
- b) In the scope of the abolished 19th article of Income Tax Law No.193, the investment allowance amounts to be calculated in accordance with the legislation in force at 31 December 2005 for investments which were started before 1 January 2006 and which display an economic and technical integrity may deduct from income for only 2006, 2007 and 2008 fiscal years. The effective tax rate will be 30% in the case of applying the investment allowance exemption. The Group calculated the tax provision using the rate 30% for its Subsidiaries and Joint Ventures that applied this exemption.
- c) The expression of "just belongs to 2006, 2007 and 2008" in the 193 numbered Income Tax Law's temporary 69th clause is cancelled due to the Supreme Court's 2009/ 144 numbered decision, published in the official journal at 8 January 2010. The 6009 numbered laws 5. Clause and use of investment allowance exemption is restated which was published and effectuated at 1 August 2010 and 27659 numbered official journal. With the new regulation, the discounted amount of investment allowance exemption that will be used in tax base determination is anticipated as not to exceed 25% profit of the related year. Corporation tax will be calculated from the remaining earnings by the tax ratio in force.

Accordingly, the abovementioned profits within trade income/loss are considered in the calculation of corporate income tax.

In additions to the exemptions explained above, tax deductions specified in Corporation Tax Law articles 8., 9., 10., and Income Tax Law article 40, are also considered in the assessment of the corporation tax base.

Doğan Holding, Subsidiaries and Joint Ventures recognise deferred income tax assets and liabilities based upon temporary differences arising between their financial statements as reported under CMB Financial Reporting Standards and their statutory tax financial statements. These differences usually result in the recognition of revenue and expenses in different reporting periods for CMB Financial Reporting Standards and tax purposes.

#### e) Fair value of financial instruments

Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation, and is best evidenced by a quoted market price, if one exists.

The estimated fair values of financial instruments are determined by the Group, using available market information and appropriate valuation methodologies for each segment of the Group. However, judgment is necessarily required to interpret market data to estimate the fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts the Group could realize in a current market exchange.

The following methods and assumptions are used in the estimation of the fair value of the financial instruments for which it is practicable to estimate fair value:

#### NOTE 28 - FINANCIAL RISK MANAGEMENT (Continued)

#### e) Fair value of financial instruments (Continued)

#### Monetary assets

The fair values of balances denominated in foreign currencies, which are translated at the period end exchange rates, are considered to approximate carrying value.

The fair value of certain financial assets carried at cost including cash and due from banks, deposits with banks and other financial asset is considered to approximate their respective carrying value due to their short-term nature. The fair value of investment securities has been estimated based on the market prices at balance sheet dates.

The carrying values of trade receivables along with the related allowances for uncollectibility are estimated to be at their fair values.

#### Monetary liabilities

The fair value of bank borrowings and other monetary liabilities are considered to approximate their respective carrying values due to their short-term nature.

Long-term borrowings, which are principally at variable rates, and denominated in foreign currencies, are translated at the period-end exchange rates and accordingly, their fair values approximate their carrying values.

Trade payables are disclosed at their amortised cost using the effective interest rate method and accordingly their carrying amounts approximate their fair values.

#### f) Capital risk management

In managing capital, the Group aims to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may issue new shares or sell assets to reduce its liabilities.

The Group monitors capital on the basis of the net liability/total equity ratio. Net liability is calculated as the total liability less cash and cash equivalents, derivative instruments and tax liabilities. Total equity is calculated as the total of net liability and the equity as shown in the consolidated balance sheet (Note 6).
